Docket No. 50-425-02A-3 Official Ex. No. 68  
In the matter of Georgia Power, Vogtle 1+2  
Staff IDENTIFIED  
Applicant RECEIVED  
Intervenor REJECTED  
Contg. Offr.  
Contractor DATE 1-5-95  
Other Witness C. K. McCoy  
Reporter C. Riner

Dear Charles:

Last Monday, you asked me to identify certain documents which were referenced in Stipulation Nos. 56 and 57 of GPC's Proposed Stipulations Relating to the Allegations of Illegal License Transfer, attached to my February 3, 1994 letter. Specifically, you asked (1) what was the tape on which Mr. Mosbaugh allegedly recorded "a comment by a former SONOPCO manager stating his belief that, in the event of a significant event at a GPC facility, the corporate duty manager would call Mr. Farley rather than Mr. Dahlberg," and (2) what was the GPC procedure that stated, in the case of a significant event at Plant Vogtle, the on-call Project Manager was to notify both Mr. Dahlberg and Mr. Farley.

With respect to your first question, the Mosbaugh tape apparently is Tape No. 260, see the NRC's transcript at pp. 8-11. To the extent helpful to the development of stipulations, we can review the tape and propose an edited NRC transcript, the same procedure used with the diesel generator transcripts.

With respect to your second question, Plant Vogtle Procedure No. VNS-EP-04, entitled "Duties of the On-Call Project Manager," describes the reporting of significant events by the corporate "duty manager." Section 4.2.1 of the procedure must be read in conjunction with Plant Vogtle Procedure No. VNS-EP-05 and the "Telephone List - On-

Exhibit 68, page 1 of 19

Charles Barth, Esq.

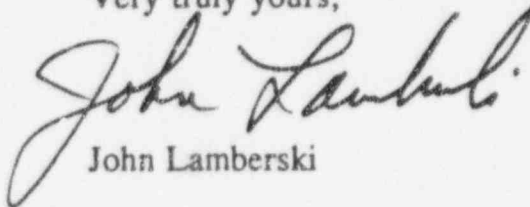

March 30, 1994

Page 2

call Project Manager."<sup>1/</sup> Copies of the historic procedures and telephone list are attached. Personal phone numbers have been redacted for obvious reasons. In addition, see GPC's April 1, 1991 response to the Hobby/Mosbaugh § 2.206 petition, Attachment 1 at p. 12 and Exhibit 18 (a copy of the Exhibit is attached for easy reference).

Please feel free to call me should you have any questions related to the foregoing, or if I can provide additional information.

Very truly yours,

John Lamberski

Enclosures

xc: Michael D. Kohn, Esq.

(w/encl.)

---

<sup>1/</sup>A similar telephone list for the On-Call Project Manager dated "4th Quarter 1989" was produced by Mr. Mosbaugh in this proceeding and forwarded to you by my letter of March 7, 1994.

VOGTLE PROJECT  
EMERGENCY PLANNING  
DUTIES OF THE ON-CALL PROJECT MANAGER

1.0 PURPOSE

The purpose of this procedure is to provide guidance to the On-call Project Manager and delineate his duties and responsibilities regarding classified emergencies and other significant events occurring at Vogtle Electric Generating Plant (VEGP).

2.0 APPLICABILITY

This instruction applies to the Corporate staff member who is designated the On-call Project Manager at the time that an emergency classification is declared or other significant event occurs at VEGP.

3.0 RESPONSIBILITIES

The On-call Project Manager is responsible for selected notifications following an emergency declaration and other significant events at VEGP.

4.0 INSTRUCTIONS

4.1 Emergency Classification Declaration. In the event of a Notification of Unusual Event (NOUE) or Higher Emergency Classification, the On-call Project Manager will:

4.1.1 By referring to the Corporate Emergency Telephone Directory, notify the following personnel:

- (1) Director of Corporate Response
- (2) Senior Corporate Management
- (3) Public Information Manager Georgia Power Company  
Atlanta and the Administrative Services Public Affairs  
Section-SONOPCO Project
- (4) Joint Owners

4.1.2 Maintain a log of events following initial notification.

4.1.3 For ALERT or higher emergency classification complete Attachments 1 and 2.

Rev. 2

- 4.1.4 For ALERT or higher emergency classification report to the GOOC after making the required notifications. Assist the Director of Corporate Response and GOOC Manager or begin activation as appropriate.

-NOTE-

The Public Information Manager can make an initial press release with information specified in the Initial Message Form (Attachment 1).

4.2 Normal Operations and other Significant Events.

During the day to day operations of VEGP the On-Call Project Manager will act for the Vice President during non-working hours and during absence of the Vice President. He will:

- 4.2.1 Report the following types of events to the Vice President, the Joint Owners and the Administrative Services Public Affairs Section - SONOPCO Project.

1. Unplanned Unit shutdown, major load reductions or derating.
2. Significant releases of radioactive or potentially radioactive effluents.
3. Deaths or serious personnel injuries.
4. Work disruptions or stoppages.
5. Other conditions which are likely to result in unusual interest by outside agencies or the media.

-NOTE-

The above types of events should be reported to the Joint Owners as occurring. However, with discretion, considering the severity of an event or the probable intensity of media interest, the notification of the Joint Owners and Public Affairs may be deferred to the following calendar morning. Oglethorpe Power has established a 24-hour Oglethorpe Power System Control Center. The System Control Center operator is responsible for informing Oglethorpe Power Corporation management.

- 4.2.2 Inform the Duty Executive of any major problems occurring at the plant on a daily basis including weekends and holidays.

VOGTLE PROJECT  
EMERGENCY PLANNING  
DUTIES OF THE DIRECTOR OF CORPORATE RESPONSE

1.0 PURPOSE

The purpose of this procedure is to provide guidance to the Director of Corporate Response and delineate his duties and responsibilities.

2.0 Applicability

This instruction applies to the Vogtle Project (Corporate) Department executives and personnel who are the designees to be the Director of Corporate Response during an emergency at VEGP.

3.0 RESPONSIBILITIES

The duties and responsibilities of the Director of Corporate Response will be assumed by one of the four designated Vogtle Project managers as indicated below. The designated managers will be assigned according to a predetermined schedule on a weekly basis. Those managers identified for this assignment are:

- o General Manager Nuclear Support
- o Manager - Nuclear Engineering and Licensing
- o Manager - Nuclear Maintenance Support
- o Manager - Licensing

The Director of Corporate Response is responsible for the activation and direction of the Corporate Emergency Organization.

The corporate emergency preparedness staff will be available to provide advice and assistance on a 24-hour per day basis until the emergency has terminated.

4.0 INSTRUCTIONS

4.1 DUTIES AND RESPONSIBILITIES

The duties and responsibilities of the Director of Corporate Response are as follows:

- 4.1.1 Activate the VEGP Corporate Emergency Organization.

- 4.1.2 Notify the GPC Corporate Management.
  - 4.1.3 Ensure the Joint Owners are kept apprised of an emergency.
  - 4.1.4 Support site efforts for the following:
    - (1) Determining the cause of the incident.
    - (2) Assessing the overall damage including personnel, equipment, systems, facilities and/or fuel.
    - (3) Developing mitigation and recovery plans.
  - 4.1.5 Identify available resources within and outside the company to assist in mitigation and recovery as requested.
  - 4.1.6 Identify and procure outside services and equipment, as requested.
  - 4.1.7 Coordinate with the Georgia Power Company Corporate Communications. Approve news releases issued from the GPC General Office or ENC prior to EOF activation.
  - 4.1.8 Request/obtain assistance from outside legal counsel as appropriate.
  - 4.1.9 Management of the Corporate Emergency Organization can be assumed by the GOOC Manager as delegated by the Director of Corporate Response.
- 4.2 Action Guidelines
- 4.2.1. The Director of Corporate Response will be notified by the On-call Project Manager when an emergency occurs at VEGP.
  - 4.2.2 The Director of Corporate Response, or his designee, will activate the VEGP Corporate Emergency Plan at the ALERT or higher emergency classification.
  - 4.2.3 The Director of Corporate Response will notify the GOOC Manager of the emergency and instruct him to notify the members of the Corporate Emergency Organization to activate the GOOC.
  - 4.2.4 Notify the appropriate GPC Corporate Management and brief them on the emergency.
  - 4.2.5 The director of corporate response should be prepared to relocate to the site at the direction of the Vice President Nuclear. In this event his corporate duties and responsibilities will be delegated to the GOOC Manager.

- 4.2.6 Maintain contact with public information personnel and ensure they are kept apprised of the emergency and any significant changes or major events.
- 4.2.7 Report to the GOOC to brief the personnel on the status of the emergency, and ensure that the GOOC is functioning properly.
- 4.2.8 At an ALERT or higher classification emergency, review the need to dispatch GPC technical interfaces to the State/Forward Emergency Operations Centers of the State of Georgia and of the State of South Carolina.

Georgia Power Company Crisis Management Plan  
Log: ELV-02333  
Security Code: MC  
FROM: C. K. McCoy  
TO: W. G. Hairston, III

The Vogtle Project Corporate Emergency Plan Implementing Procedures (VNS-EP-04 and VNS-EP-05) satisfy the commitments of the Georgia Power Company Crisis Management Plan regarding notification of Senior Corporate Management. Please be advised that my On-Call Project Manager or Director of Corporate Response, as appropriate, will call you or Mr. McDonald in accordance with the Corporate Emergency Telephone Directory. They will assume that you or Mr. McDonald will advise Mr. Dahlberg and Mr. Farley unless directed otherwise. There are no other inconsistencies between our procedures and the Crisis Management Plan.
