Dear Sir:

The NRC was notified of a potentially reportable deficiency in  
Reference (A), and an Interim Report was transmitted by Reference (B).  
At that time, it was estimated that a Final Report would be available by  
September 29, 1983.

Due to the extensive investigation and evaluation required, it is now  
expected that this information will be finalized by December 14, 1983, at  
which time a complete report will be submitted.

There is no new information or change to the Interim Report at this time.

Very truly yours,

E. E. Van Brunt, Jr.
