Docket Nos. 50-289
SWSOPI Self-Assessment

GPU Nuclear proposes to perform a Service Water System Operational Performance Inspection (SWSOPI) self-assessment in accordance with the guidance provided in NRC Administrative Letter 94-03, "Announcing an NRC Inspection Procedure on Licensee Self-Assessment Programs for NRC Area-Of-Emphasis Inspections." This self-assessment is being proposed as an alternative to the full-scope NRC inspection described in NRC Temporary Instruction 2515/118, Revision 1, "Service Water System Operational Performance Inspection."

This self-assessment is scheduled to start on or about April 3, 1995, and last approximately six weeks.

GPU Nuclear is planning to provide a formal proposal prior to February 28, 1995, and is planning to make a presentation to Region I staff in the same time period.

Should you have any questions prior to the receipt of our proposal, please contact Adam Miller, TMI Licensing Engineer at (717) 948-8128.

Sincerely,

J. G. Broughton
Vice President and Director, TMI
