(Shearon Harris Nuclear Power Plant, Units 1 and 2)
Docket Nos. 50-400 and 50-401 OL

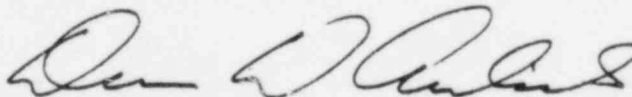

Administrative Judges Kelley, Bright and Carpenter:

On October 3, 1983, Applicants filed with the Board a Motion for Summary Disposition of Joint Intervenor's Contention II and Wells Eddleman's Contention 37B (Health Effects). Unfortunately, it has since been noted that final editing and typographical corrections were not included in the final draft filed with the Board and parties.

Enclosed is a corrected copy of the Motion which incorporates all such changes. For the convenience of the Board and parties, we also enclose an errata sheet which identifies each of the editorial changes other than simple typographical corrections that have been made in the enclosed corrected copy.

Please substitute this copy for the original submittal. We regret any inconvenience this may have caused.

Respectfully submitted,

Dean D. Aulick
Counsel for Applicants
