The proposed changes are indicated by a vertical bar in the margin of the affected TS page. These TS Change Requests are being submitted under affirmation, and the associated affidavit is enclosed.

These TS Change Requests are being submitted concurrent with a PECO Energy request to reduce commitments to the LGS Quality Assurance Program description in accordance with 10 CFR 50.54(a)(3) by letter from G. However, approval for both requests are required for PECO Energy implementation.

We request that, if approved, these TS Change Requests for LGS, Units 1 and 2, be approved prior to January 3, 1995 and become effective immediately upon issuance.
