Commitment to Change Procedure No. 1.2.1

This letter commits Boston Edison to change Pilgrim Station Procedure No. 1.2.1., "Operations Review Committee", such that an ORC meeting quorum will require the attendance of a member or alternate who has a Senior Reactor Operator (SRO) license.

This change complements our proposed amendment of Section 6 of Pilgrim's Technical Specifications, submitted to the NRC by our August 9, 1990 letter.
