To the Freedom of Information Act Officer:

I am a reporter for The Tampa Tribune newspaper. Under the provisions of the Freedom of Information Act, 5 U.S.C. 552, I am hereby renewing my request for copies of all documents, including all memos, pertaining to the investigation of an allegation referred to in Allegation Report RII-90-A-0135 - Crystal River, including the allegation report itself, the utility's response and documents pertaining to the resolution of the matter.

A previous request for this information was rejected Nov. 30, 1990, on the grounds that "disclosure could reasonably be expected to interfere with an enforcement proceeding" because it could reveal information about enforcement efforts. However, NRC spokesman Ken Clark told me earlier this month that the case was closed Dec. 10, so the risk of interfering with an enforcement proceeding no longer exists.

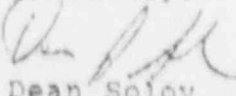

Since the Nov. 30 rejection did not list Exemption 7(C) - that disclosure would constitute an unwarranted invasion of personal privacy - I expect to receive identifications of all persons involved.

I request that fees for copying the records be waived since I am requesting this information for possible inclusion in a news story, which is intended to benefit the public. If you believe a fee is required, please notify me before making copies if the charge will exceed \$50.

If all or any part of this request is denied, please cite the specific exemption(s) you believe justifies your refusal to provide the information.

I thank you in advance for your prompt attention to this request and look forward to hearing from you within 10 days, as the law stipulates.

Sincerely,

  
Dean Solov
