Dear Friend:

Pursuant to the provisions of the Freedom of Information Act, I submit herein a request for the following information concerning Georgia Power's Vogtle Plant, South Carolina Electric & Gas Co.'s V. C. Summer Plant, and Duke Power's Oconee Nos. I, II and III:

1. Those portions of the technical specifications for certain nuclear power plants named below, which contain dose limits to the public and effluent limits from the plants for a specified time period, presumably one year.

2. The actual emissions, by year, of the below-listed plants, for the years 1980-1985. I need the emissions broken down by radionuclide and by emissions form (gaseous or liquid).

Please do not retain parts of the requested information in the interest of providing all of the information at one time. Separate mailings of the requested information is acceptable. I trust you will provide me with a statement regarding the costs of assembling this information.

Thank you in advance for providing this information.

Very truly yours,

Rita A. Fellers
