RESPONSE TO TECHNICAL EVALUATION REPORT OPEN ITEMS

Dear Mr. Vassallo:

In a letter dated November 3, 1983, Carolina Power & Light Company (CP&L) received a copy of the draft Technical Evaluation Report (TER) concerning the Control of Heavy Loads issued at the Brunswick Steam Electric Plant (BSEP) Units 1 and 2. As part of the above letter, CP&L was asked to respond to the open items discussed in the TER within sixty days following receipt of your letter.

After a careful review of the open items listed in the TER, CP&L has determined that we will not be able to respond within the recommended time frame. The responses to the TER open items will be provided for your review by February 3, 1984.

Should you have any question concerning this letter please do not hesitate to call a member of our licensing staff.

Yours very truly,
