RE: In the matter of the Long Island Lighting Company
(Shoreham Nuclear Power Station, Unit 1), Docket No. 50-322-OL
(Emergency Planning)

Dear Judge Laurenson:

Bernard Bordnick who has appeared in the above captioned proceeding on behalf of the staff of the Nuclear Regulatory Commission, has reported to Ben Wiles of my Counsel's office your statements at the January 4, 1984 conference of counsel which sought further information concerning New York State's intended participation in the emergency planning proceeding. As you may be aware, I have publicly stated the State's position that the current LILCO emergency preparedness plan is inadequate and that the State intends to participate in all aspects of the Shoreham licensing proceeding, including the emergency planning hearings.

My Special Counsel, Fabian G. Palomino, will appear on Tuesday, January 17, 1984, at the resumed off-site emergency planning hearings at Riverhead, New York to represent me there and in all future proceedings.

Very truly yours,

Mario M. Cuomo
