Dear Mr. Keppler:

INTERIM 10 CFR 50.55(e) REPORT NO. U-64
CALLAWAY PLANT UNIT 1

Union Electric submitted an interim report on Limitorque Gear failure in ULNRC-684 dated 11/11/83; concurrently a request was sent to Westinghouse to evaluate the situation and report their findings to Union Electric.

Westinghouse informed Union Electric by way of SNP(UE)-533 dated 12/21/83 that a final report would not be released from Limitorque until January 30, 1984. Therefore, Union Electric will submit a final report to the NRC by March 1, 1984.

Very truly yours,

Donald F. Schnell
