Subject: Stop Work Order No. 014, 015, and 020  
Heating, Ventilation and Air  
Conditioning (HVAC) Installation

Dear Mr. Keppler:

On June 23, 1982 and August 2, 1982, respectively, Stop Work Order Numbers 014, 015, and 020 were initiated on Heating, Ventilation and Air Conditioning (HVAC) installation. A recovery plan was developed to correct the deficiencies associated with the Stop Work Orders.

Illinois Power Company has completed the portions of the recovery plan which were necessary to lift the Stop Work Orders. The appropriate procedures and instructions have been revised and training has been accomplished and documented.

It is requested that you review Illinois Power Company's actions and concur in the lifting of the Stop Work Orders on HVAC installation.

Sincerely yours,

D. F. Hall  
Vice President
