Subject: Crystal River 316 Study
Second Quarterly Progress Report
Plan of Study - Summary

Dear Mr. Traina:

Enclosed are copies of Florida Power Corporation's second quarterly progress report for the Crystal River 316 Study and a summary of the plan of study for this project. This quarterly report is submitted pursuant to the schedule established in my correspondence dated June 9, 1983. At the request of Agency staff, the date of the second quarterly progress meeting has been moved to February 2, 1984 to facilitate more complete review of the report. The meeting will be held at Florida Power's General Office Complex in St. Petersburg beginning at 9:30 a.m.

The Plan of Study - Summary was developed following discussions at the first quarterly progress meeting in order to provide a single document referencing all program modifications which have occurred since submittal of the original Plan of Study on November 15, 1982.

Questions concerning either of these documents should be directed to Mr. Paul Behrens at 813/866-5521.

Sincerely,

William S. O'Brien
