Re: Public Service Company of New Hampshire et al.
Docket Nos. 50-443 OL & -444 OL

Dear Administrative Judges:

On January 27, 1984, we served, or at least attempted to serve, the "Stipulation Regarding Withdrawal of Contention Relating to Manual Reactor Trip Testing (NECNF Contention 1.D.2)," together with a transmittal letter of even date therewith. The transmittal letter clarified certain of the terms used by NECNF and us in the "Stipulation."

We have been informed that at least in some cases people received only the "Stipulation," unaccompanied by the transmittal letter. In the event that the Board

or any other party did not receive the transmittal letter, and to insure that all parties have received both submissions we now submit herewith a copy of the letter and a copy of the stipulation.

Very truly yours,
