RE: In the matter of Public Service
Electric and Gas Company (Hope
Creek Generating Station)
Docket No. 50-354 OL

Dear Mr. Rader:

I am in receipt of your January 24, 1984 letter regarding the deposition transcript. I have spoken with Dr. Gary Petersen who informs me that Alderson Reporting Company sent a cover letter with the transcript giving February 16, 1984 as the date by which the transcript should be returned. Dr. Petersen used that as his guide and therefore the transcript will be returned by February 16 at the latest.

I also received a copy of "Applicant's Preliminary Set of Initial Interrogatories to the Public Advocate and the State of Delaware." Since you took the position at the deposition on January 13, 1984 that the State of Delaware, not being an official participant, could not question the witnesses, it is certainly contradictory for you to now take the position that you need interrogatory answers from the State. The Public Advocate's Office has provided responses to those interrogatories.

Sincerely,

Carol E. Delaney
Deputy Attorney General
