PALISADES PLANT - SECURITY PLAN REVISION NO 9 FOR THE PALISADES PLANT

Enclosed please find one (1) original and five (5) copies of Consumers Power Company Security Plan Revision No 9 for the Palisades Plant. Also enclosed is Attachment 1, which contains our justification for Revision No 9 for Palisades Plant. This revision addresses findings made in IE Inspection Report 83-20 and commitments identified in NRC Region III staff's November 30, 1983 letter.

It is Consumers Power Company's conclusion that these changes do not decrease the safeguards effectiveness of our Security Plan and therefore have been implemented without prior commission approval in accordance with 10 CFR 50.54(p).

Consumers Power Company requests that the attachment to this letter be withheld from public disclosure since it concerns subject matter which is exempt from disclosure in accordance with 10 CFR 73.21(c).
