Subject: Catawba Nuclear Station, Units 1 and 2  
Docket Nos. 50-413 and 50-414  
Emergency Response Data System (ERDS)  
Plant Attribute Library Transmission Parameters

Gentlemen:

Please revise the data transmission frequency parameter associated with the Catawba Unit 1 and Catawba Unit 2 Emergency Response Data System (ERDS) Plant Attribute Library (PAL) to sixty (60) seconds.

Additionally, Catawba plans to implement a change in the ERDS code to allow us to do a "re-connect" in the event of a computer or communication problem. This change will be implemented on April 1, 1995.

Should you have any questions concerning these items, please call Rainer G. Blessing at (803) 831-3857 or Jerry Mills at (803) 831-3244.

Very truly yours,

*Mark E. Patrick for*
