FILE NO: 10110

Dear Mr. Madsen:

This will advise you that a meeting is being scheduled through the Nuclear Regulatory Commission's Comanche Peak Project Manager that will include utility representatives, Westinghouse and The Office of Nuclear Reactor Regulation, tentatively on October 13, 1982 to discuss the subject matter.

We will advise you of our proposed disposition based on the outcome of this meeting.

Very truly yours,

R. J. Gary
