Docket No. STN 50-483-OL

MOTION FOR EXTENSION OF TIME
TO FILE PETITION FOR REVIEW

Come now Joint Intervenors, Coalition for the Environment, St. Louis Region; Missourians for Safe Energy; and Crowdad Alliance, pursuant to 10 C.F.R. §2.711, and request an extension of time for the filing with the Commission a petition for review of the decision of the Atomic Safety and Licensing Appeal Board rendered September 14, 1983 (ALAB-740). As grounds for this motion Joint Intervenors state the following:

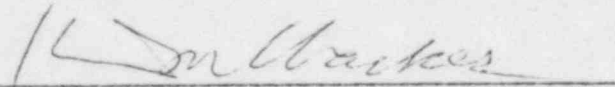

1. On September 14, 1983 the Appeal Board entered its decision herein affirming the partial initial decision of the Licensing Board.
2. On September 23, 1983 Joint Intervenors filed with the Appeal Board a Petition for Reconsideration pursuant to 20 C.F.R. §2.771.
3. Under 10 C.F.R. §2.786(b) a petition for review of the Appeal Board's decision must be filed with the Commission within fifteen days.
4. As the petition for reconsideration is pending and cannot be acted upon by the Appeal Board until after the time for filing the petition for review, it would serve the interests of all parties and the Commission to defer the time for filing a petition for review, if such a petition is then deemed necessary, until fifteen days after the Appeal Board rules on the petition for reconsideration. If the Appeal Board denies the petition for reconsideration, and Joint Intervenors then decide to seek review, it would be more orderly and efficient to present to the Commission all issues in one review proceeding. If the Appeal Board grants the petition for reconsideration, Commission review may be unnecessary.

D503

WHEREFORE, Joint Intervenors respectfully request an extension of time for filing with the Commission a petition for review under 10 C.F.R. §2.786(b), until fifteen days after the Appeal Board decides the pending petition for reconsideration.

Respectfully submitted,

CHACKES AND HOARE
