Dear Mr. Johnson:

On January 16, 1984, we verbally informed your Mr. R.G. Taylor of a deficiency regarding an error in the tolerances used in the calibration of the adhesion tester.

The preliminary analysis indicates this deficiency is not reportable under 10CFR50.55(e), however, we are continuing our evaluation. We anticipate completion by May 15, 1984.

Very truly yours,

for R.J. Gary
