Re: U. C. Irvine Nuclear Reactor Facility
License: R-116, Docket 50-326

Gentlemen:

Some time ago, we informed you of changes in our administration which resulted in changes in mailing addresses for communications. We continue to receive items addressed using the old mailing address, as well as items addressed correctly. The items incorrectly addressed are delayed in internal distribution.

Please note that items of a legal nature concerning our license for a nuclear facility should be addressed as follows:

W. J. Lillyman
The Vice Chancellor
University of California, Irvine
Irvine, CA 92717

Items of a purely technical nature should be addressed to:

G. E. Miller
Reactor Supervisor
Department of Chemistry
University of California, Irvine,
Irvine, CA 92717

Please do what you can to see that all interested branches are made aware of the correct addresses for our facility.

Sincerely,

William J. Lillyman
The Vice Chancellor
