Dear Sir:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)  
Operating License No. DPR-50  
Docket No. 50-289  
IE Bulletin 83-06

This letter is being submitted in response to IE Bulletin 83-06 "Nonconforming Materials Supplied by Tube-Line Corporation".

GPUNC has reviewed all available purchasing documents for fittings and flanges issued since 1980 and determined that no direct purchases were made from Tube-Line Corporation. Additionally, Capitol Pipe and Steel Products Company has not supplied TMI material from Tube-Line Corporation.

GPUNC forwarded a certified letter to each vendor identified in Attachments 2 and 3 of IE Bulletin 83-06, who had conducted transactions with GPUNC, requesting to be informed of any Tube-Line materials which they have supplied. A written response was received from each company indicating that no Tube-Line materials were supplied to GPUNC. These responses are available on-site.

Sincerely,

  
H. D. Hukill  
Director, TMI-1
