Re: Docket No. 50-322-OL-3

Dear Administrative Judges:

During last Thursday's Conference of Counsel in Bethesda, counsel for Suffolk County noted that the County's expert witnesses have been reviewing Revision 2 of the LILCO Transition Plan to determine whether that revision affects testimony filed on behalf of the County on November 18, 1983. This review has made clear that, at least with respect to the Suffolk County Police Department ("SCPD") testimony, supplemental or amended testimony should be prepared and filed in order to take into account substantive changes made by LILCO in Revision 2.

The Board and parties have now been informed that a "Revision 3" to the LILCO Plan will be forthcoming in the next few weeks. LILCO has informed the County that Revision 3 will involve changes to Appendix A in order to correct inconsistencies between the underlying traffic modeling relied on by LILCO and the traffic control plan and strategies identified by LILCO in Appendix A. As a practical matter, this means that, insofar as the SCPD witnesses are concerned, Revision 3 will directly pertain to and, indeed, in some instances respond to matters raised in the SCPD testimony of November 18.

The County concludes that it likely will waste time and resources for the SCPD personnel to prepare supplemental or amended testimony on Revision 2, since some of the very matters which are of concern will apparently be changed in Revision 3. The Board specifically noted at last Thursday's conference that it is concerned about such a waste of time and resources. Under these circumstances, and since the SCPD testimony will likely not be heard until sometime in January, the SCPD will not prepare

supplemental or amended testimony until release and review of Revision 3. Thereafter, if it is still determined that the November 18 written testimony should be supplemented or amended, the SCPD will prepare and file such supplemental or amended testimony as promptly as possible.

Sincerely,

Michael S. Miller
