Dear Sir:

The NRC was notified of a potentially reportable deficiency in
Reference (A), Interim Reports were transmitted by Reference (B) and (I),
and Time Extensions were requested by References (C), (D), (E), (F), (G),
and (H). At that time, it was estimated that a Final Report would be
available by November 22, 1983.

Due to the extensive investigation and evaluation required, it is now
expected that this information will be finalized by January 20, 1984, at
which time a complete report will be submitted.

There is no new information or change to the Interim Report at this time.

Very truly yours,
