CORRECTION OF SAPL'S PETITION FOR REVIEW
BEFORE THE U. S. NUCLEAR REGULATORY COMMISSION

SAPL wishes to correct and amend its Petition for Review filed before the U. S. Nuclear Regulatory Commission on December 1, 1983. SAPL alleged at several points in its Petition that both the Applicants' and Staff's responses to its Motion for Disqualification of Judge Hoyt were filed in an untimely manner. SAPL has since determined that its calculations with respect to the time allowed for responses were in error. Both objecting parties did, in fact, file their responses on the last day allowed. SAPL sincerely regrets its error in this regard, and apologizes to the objecting parties and this Commission for any inconvenience resulting from its mistake.

This correction does not significantly affect the substance of SAPL's Petition for Review. Although we alleged that the late responses were, to some extent, a causative factor in impeding

consideration of our reply by the Appeal Board, the primary factor is the fact that SAPL never received Judge's Hoyt's original Order denying its Motion. For this reason we believe the correction is of little import with respect to the substance of the Petition.

Notwithstanding this unfortunate mistake, SAPL says that its Petition for Review was and is filed in good faith.

Respectfully submitted,
Seacoast Anti-Pollution League
By its attorneys,
BACKUS, SHEA & MEYER
