Docket No. 50-313
License No. DPR-51
Schedule for Submittal of Low
Temperature Overpressure Protection
Technical Specifications

Gentlemen:

In our letter dated November 21, 1983 (1CAN118309), we proposed to submit Technical Specifications on Low Temperature Overpressure Protection by December 19, 1983. This submittal schedule was contingent upon completion of our review of your recommended Technical Specifications as described in your letter dated November 4, 1983 (1CNA118302). This review and the subsequent development of appropriate Technical Specifications have required more effort than originally anticipated. Therefore, we propose to submit Technical Specifications by January 23, 1984.

Very truly yours,

John R. Marshall
Manager, Licensing
