Re: Freedom of Information Request

Gentlemen:

On behalf of Limerick Ecology Action, Inc., a non-profit corporation, pursuant to the provisions of the Freedom of Information Act, 5 U.S.C. § 552, and to your regulations governing such requests, 10 CFR § 9.3, et. seq., I request access to and copies of the following documents:

- (1) drafts or manuscripts of Vol. 2 of NUREG-0850;
- (2) documents discussing or analyzing the feasibility of measures or design features to mitigate the consequences of a core melt accident at the Limerick Nuclear Generating Station (Docket 50-352, 353), or any other reactor of the General Electric Boiling Water Mark I, II, or III design. This request does not include publicly available NUREG or NUREG/CR reports.

Pursuant to 10 CFR § 9.14 (a), I request a waiver of the fees for the search for and reproduction of these records. The information obtained from the records will be disseminated to the general public in the Limerick facility area with further analysis and comment by Limerick Ecology Action and its representatives. This will be done with the expected benefit of further informing the public in the Limerick facility area of the nature of the risk involved in possible

operation of the Limerick facility, and means available to reduce the risk. The information will also thereby contribute substantially to public debate on the policies involved in siting a reactor close to an urbanized area by providing information on the availability of measures to mitigate the consequences of reactor accidents.

Neither myself, nor Limerick Ecology Action, will financially benefit from the use of the requested materials.

Limerick Ecology Action has limited ability to pay for the requested records, in that it is a public interest organization, funded solely from contributions and periodic fund raising events.

I would appreciate a disposition of this request as expeditiously as possible, and look forward to your response within the 10 day period required by law. Thank you.

Very truly yours,

A handwritten signature in cursive script, reading "Charles W. Elliott". The signature is fluid and elegant, with a prominent initial "C".

Charles W. Elliott
