Dear Mr. Keppler:

Docket 50-305  
Operating License DPR-43  
IE Bulletin No. 83-06

We have reviewed the lists of purchasing and receiving companies supplied in Attachments 2 and 3 to the referenced bulletin and have determined that no Tube-Line supplied ASME Code materials have been procured for installation at the Kewaunee Nuclear Power Plant. Furthermore, we have examined the purchasing documentation for the time frame indicated in the bulletin and found no purchases made from Capitol Pipe and Steel Products Company or Tube-Line Corporation.

No further action is required for this bulletin.

Approximately 200 man-hours of our staff's time was spent performing document reviews. No inspections or evaluations were necessary.

Very truly yours,
