Docket Nos. 50-400 and 50-401 OL

Administrative Judges Kelley, Bright and Carpenter:

During the second prehearing conference, held on February 24, 1983, Applicants reported that draft off-site emergency response plans for the Harris Plant were expected to be available in December, 1983. This is to report to the Board and the parties that Applicants now have been advised that those plans will become available in mid-February, 1984.

Since any proposed contentions on these plans are due 30 days after the plans are made available, there no doubt will be a need to amend the emergency preparedness schedule previously set by the Board. See Memorandum and Order (Reflecting Decisions Made

Following Second Prehearing Conference) at 8 (March 10, 1983), and LBP-83-27A, 17 N.R.C. 971, 984-85 (1983). Applicants suggest, however, that amendment of the comprehensive schedule for emergency preparedness issues should await actual service of the off-site plans so that firm calendar dates can be identified by the Board.

Respectfully submitted,
