Attention: Mr. S. A. Varga, Chief

Division of Licensing

Dear Mr. Varga:

Docket 50-305
Operating License DPR-43
Kewaunee Nuclear Power Plant
IE Bulletin 80-11 "Seismic Qualification of Masonry Walls"

- References: 1) Letter from C. W. Giesler to S. A. Varga dated June 30, 1983
- 2) Letter from C. W. Giesler to S. A. Varga dated April 29, 1983

Reference 1 stated our intentions to re-initiate our program to respond to IE Bulletin 80-11 and contained the commitment date of January 1, 1984 for the transmittal of a final report.

In Reference 2 we committed to a non-destructive examination of safety related masonry walls to verify proper installation. The non-destructive examination has taken more time than anticipated, therefore, we must revise our response date for transmittal of our report to February 1, 1984.

Very truly yours,
