SUBJECT: Generic Letter 81-38

Dear Mr. Wagner:

With reference to the telephone conversation between you and Mr. Chuck Fuller on December 22, 1983, it is our interpretation of Generic Letter 81-38 that we were not and are not required to respond to the NRC. As part of our continuing review of Generic Letter 81-38, however, we requested of Mr. Dean Chaney of your office during the performance of inspection 83-28, additional clarification of the requirements of the letter as applicable to Fort St. Vrain. It is our understanding that a written evaluation of our required actions will be provided to us; until receipt of this evaluation we plan no further action on this item.

If our interpretation or understanding is not correct, please call me at (303) 571-7436.

Very truly yours,

*Frederick J. Borst*
