Dear Sir:

Subject: I&E Bulletin 80-11, Masonry Wall Design

By Reference b), you requested that we provide you with our plans and schedule to resolve outstanding concerns regarding masonry walls at our facility. Specifically, your letter states that the use of arching action to qualify eight of our walls is not acceptable. As a result, we have embarked on a re-analysis program for these walls which is presently scheduled to be complete by the end of February 1984. The results of this re-analysis effort will indicate which walls, if any, will require modification to meet the intent of I&E Bulletin 80-11. A summary of the results, as well as a schedule for completing any necessary modifications, will be provided to you by March 15, 1984.
