In the Matter of
LONG ISLAND LIGHTING COMPANY
(Shoreham Nuclear Power Station, Unit 1)
Docket No. 50-322

Gentlemen:

LILCO believes that Shoreham will be physically ready to load fuel in March 1984. It does not now appear, however, that litigation over the diesel generators can be completed before summer 1984, if then, though LILCO will do all that it can to expedite the process.

Very truly yours,

W. Taylor Reveley, III
