SUBJECT: Waterford 3 Steam Electric Station
Docket No. 50-382
Physical Security Plan

Dear Sir:

The enclosed revision to the Physical Security Plan for Waterford Steam Electric Station Unit No. 3 is submitted in accordance with 10CFR50.54(p). This change is Revision 8 to the Plan.

This revision is necessitated by changes in proposed operating procedures and organizational changes as a result of further refinement of the security program at Waterford 3 by Louisiana Power & Light Company. A summary of changes is found in Enclosure 1 to this letter. Page changes to the Plan are submitted as Enclosure 2 hereto.

All changes to the Plan have been sidelined for ease of reference.

This revision in no way decreases the safeguards effectiveness of the security program at Waterford 3.

If there are any questions, please advise.

Yours very truly,

K. W. Cook
Nuclear Support & Licensing Manager
