Motion to Tape Record Depositions

Intervenor Wells Eddleman hereby moves the Board to allow him to conduct depositions in this proceeding by recording same on audio tape. In support of this motion, Eddleman says he lacks the money to pay court reporters for transcripts of extensive depositions; that extensive depositions will evidently be needed to get at the truth on Eddleman contentions 65, 41, etc; that tape recorded depositions were allowed to an intervenor of much greater financial resources (Palmetto Alliance Inc.) in Catawba; that Eddleman will make available, at cost of copying and delivery, copies of his tapes to any party to this case requesting same; and that he has no objection to Applicants or other parties also tape recording and/or having court reporters record any depositions conducted by or for intervenor Eddleman. Without this relief, I believe I will be unable to thoroughly pursue my case on important issues.
