Re: Catawba Nuclear Station
Docket Nos. 50-414 and 50-414

Dear Mr. Denton:

Section 5.2.4 of the Catawba Safety Evaluation Report discusses Confirmatory Item 11, Preservice Inspection Program (PSI). As discussed in this section, the Staff requested that Duke: 1) docket an acceptable revised PSI program, and 2) submit all relief requests with a supporting technical justification.

Attached is a copy of the Catawba Unit 1 PSI program. The oversized figures referenced in the program have not been included but are available for review at Catawba. The relief requests for Unit 1 were submitted by my letter of March 30, 1984.

Very truly yours,

H.B. Tucker
