Subject: Interim 10CFR50.55(e) Report; Sheared Pinion Keys

Dear Sir:

In References (c) and (d), we filed interim 10CFR50.55(e) reports
regarding sheared pinion keys in Limitorque Model SB-0-25 Motor Operators.

Westinghouse and Limitorque are continuing to investigate this item to
identify the Motor Operators affected and to determine what long-term
corrective actions may be required.

The applicability of this item to Seabrook [and thus its reportability or
non-reportability under 10CFR50.55(e)] is contingent upon the results of the
ongoing investigation by Westinghouse and Limitorque. Region I will be
notified by May 1, 1983, as to the status of this investigation. This report
is being filed pursuant to the interim reporting provision of 10CFR50.55(e)(3).

Very truly yours,

YANKEE ATOMIC ELECTRIC COMPANY
