Re: Freedom of Information Act
request

Dear Sir or Madam:

The NRC commissioners met in a closed session to discuss "Future steps to TMI-1 restart" on Jan. 24, 1984. The meeting was closed under exemptions 5 and 10 of the Government in the Sunshine Act, according to the NRC's official notice of the meeting.

On Feb. 10, 1984, the U.S. Court of Appeals for the District of Columbia Circuit, ruling in Philadelphia Newspapers Ind. v. NRC (D.C. Civil No. 83-1698), said, "Specifically we hold that all discussions of non-nexus issues, interim restart, and final compliance with the Licensing Board's safety recommendations must be open to public observation." The court specifically decided that exemption 10 could not apply to interim restart discussions.

Accordingly, under the Freedom of Information Act, 5 U.S.C. 552, I request that you make available to me copies of the transcript of the Jan. 24, 1984 meeting referenced above. I make this request in my capacity as an accredited journalist and request that any fee be waived in the public interest. If you have any questions, please phone me at (202) 463-1652.

Thank you for your assistance and I look forward to receiving your reply within the 10 business days provided by law.

Sincerely,

Margaret L. Ryan
