Dear Mr. Trowbridge,

We understand that new charges concerning the cleanup at TMI-2 have been aired by commentator and columnist Jack Anderson. These charges stem from information supplied by an engineer Robert Eng, a Bechtel employee, who until recently was involved in the cleanup.

Our concern is that this information may be relevant to the restart proceeding. We would appreciate your response relative to licensee's ^{first} knowledge of the Eng matter, the substance of the matter and all other information concerning this matter known to licensee and/or its attorneys.

Sincerely yours,

Marjorie M. Aamodt
