Environmental Protection Plan  
Shoreham Nuclear Power Station - Unit 1  
Docket 50-322

---

Dear Mr. Denton:

Enclosed are ten (10) copies of the Shoreham Environmental Protection Plan (EPP) which has been revised in accordance with prior discussions with your staff. An additional change to section 3.1 has also been included. The definition of an unreviewed environmental question with respect to "a significant change in effluents or power level.." has been clarified to indicate "design" power level. This is consistent with the intent of 10CFR part 51.5.

If you have any questions on this matter, or if you require additional information, please do not hesitate to contact this office.

Very truly yours,

B. R. McCaffrey  
Manager, Nuclear Compliance and Safety
