Fire Protection Evaluation - Fire
Hazards Analysis Report, Rev. 9

Dear Mr. Denton:

South Carolina Electric and Gas Company (SCE&G), acting for itself and as agent for the South Carolina Public Service Authority, herewith files forty (40) copies of Revision 9 to the Fire Protection Evaluation-Fire Hazards Analysis Report for the Virgil C. Summer Nuclear Station

In a letter to Mr. James P. O'Reilly dated November 18, 1982, SCE&G committed to perform a review of the Fire Protection Evaluation as a part of corrective actions implemented for the violation identified in Inspection Report 82-50. This Revision 9 serves to document changes to the Evaluation made subsequent to our review. Additionally, these changes have been reviewed against 10CFR50.59 criteria and do not result in an unreviewed safety question.

Very truly yours,

O. W. Dixon, Jr.
