GEORGIA POWER COMPANY'S LIST OF ADDITIONAL EXHIBITS
RELATED TO DIESEL GENERATOR STATEMENTS HEARING

Georgia Power Company provides the following list of Exhibits in addition to those previously included with Georgia Power's prefiled testimony on the diesel generator statements issue (i.e., GPC Exhibits II-1 through II-63). Georgia Power also plans to use certain exhibits on cross-examination of witnesses (including documents previously submitted to the Board in Georgia Power Company's In Camera Memorandum in Support of Motion to Reconvene Deposition of Allen Mosbaugh, dated March 6, 1995) which are not identified herein in order to preserve the element of surprise.

The attached exhibit list represents Georgia Power's attempt to identify all exhibits which it may use on cross examination or in rebuttal testimony, except those involving the element of surprise. As the hearing progresses, Georgia Power may tender only certain exhibits and portions of other exhibits or may identify the need to add other exhibits, depending on the state of the hearing record.

Georgia Power has not identified the documents on the attached exhibit list with exhibit numbers (i.e., II-___), preferring to do so at the time that the exhibit is introduced at the hearing.

Respectfully submitted
