(LIMERICK GENERATING STATION, UNITS 1 AND 2)  
DOCKET NOS. 50-352-OL & 50-353-OL

Dear Judge Brenner:

Enclosed herewith please find the City of Philadelphia's Status Report on its Issues of Concern in the area of emergency planning. On April 18, 1984 I spoke with Valerie Lane of your office and requested that she convey to the Board the City's request for additional time to make this filing. Ms. Lane indicated that Judge Morris had stated in response that the City could deliver the document today at the hearing room.

Thank you for your consideration in this matter.

Sincerely,

HERBERT SMOLEN
