AFFIDAVIT OF RONALD G. TOLSON  
REGARDING COATINGS REINSPECTION PROGRAM

My name is Ronald G. Tolson. I am employed by Texas Utilities Generating Company. A statement of my educational and professional qualifications has been admitted into the record as Applicant's Exhibit 20.

During 1981 and 1982 I was Site Quality Assurance Supervisor for TUGCO at Comanche Peak Steam Electric Station. As such, I was responsible for supervising the coatings reinspection program that was commenced on the site during the winter of 1981-1982.

On July 26, 1982, in testimony before the Board in this proceeding, I stated that the results of the coatings reinspection program to date showed that "[i]n general, the coating work was performed quite satisfactorily the first time" (tr. 2114). I then recited examples reflecting the satisfactory quality of coatings in place.

My statement regarding the preliminary, satisfactory results of the coatings reinspection program was based on ongoing reports to me from QA/QC personnel under my supervision. These reports, in turn, were presumably based on inspection records generated by QC inspectors performing coatings reinspections that had been accomplished prior to the July 1982 hearings.

  
Ronald G. Tolson

Subscribed and sworn to before me this 19th day of April, 1984.
