Subject: James A. FitzPatrick Nuclear Power Plant
Docket No. 50-333
Supplement No. 1 to NUREG-0737
Schedule for Completion of the
Emergency Operations Facility (EOF)

Reference: 1. NYPA letter, J. P. Bayne to
D. B. Vassallo, dated February 29, 1984
(JPN-84-15), concerning the same subject.

Dear Sir:

The Power Authority provided, in Reference 1, a schedule for the completion of a new Emergency Operations Facility (EOF) for the FitzPatrick plant and a summary of our progress to date. The purpose of this letter is to amend a statement made in that letter concerning the purchase of land for the EOF.

Reference 1 stated that the Authority has completed the purchase of land for the EOF from Oswego County. That letter should have stated that an Agreement for Purchase of Property has been completed. This agreement was signed for Oswego County on January 26, 1984 and for the Authority on February 13, 1984. However, the sale will not be legally complete until payment is made and the title is transferred from Oswego County to the Power Authority. This is expected to take place in the near future.

Except for this item, the information provided in Reference 1 remains unchanged. In particular, completion of the new EOF is still scheduled for June 28, 1985.

If you have any questions or require additional information, please contact Mr. J. A. Gray Jr. of my staff.

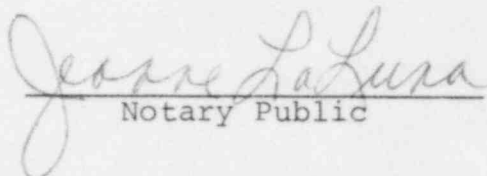

Very truly yours,
