Subject: Mark I Containment Program

Dear Sir:

By Reference (b), we provided you with Revision 1 of the Plant Unique Analysis Report (PUAR) for the Mark I Containment Program at our facility. Since that time we have held meetings and conference calls with members of your staff and Brookhaven National Laboratories (BNL) to resolve questions resulting from their review of the PUAR.

The purpose of this letter is to provide you with Revision 2 of the Vermont Yankee PUAR (Enclosure 1) which reflects the resolution of the NRC and BNL review questions.

We trust that this information will allow you to close out this issue for Vermont Yankee. However, should you have any questions regarding this matter, please contact us.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
