Dear Mr. O'Reilly:

We have reviewed your letter of January 3, 1984, in reference to the inspection conducted at Surry Power Station between November 14 and November 17, 1984, and reported in IE Inspection Report Nos. 50-280/83-32 and 50-281/83-33. As requested, attached is a description of the snubber inspection program at Surry.

We have determined that no proprietary information is contained in the report. Accordingly, the Virginia Electric and Power Company has no objection to this inspection report being made a matter of public disclosure. The information contained in the attached pages is true and accurate to the best of my knowledge and belief.

Very truly yours,

W. L. Stewart
