Docket Nos. STN 50-528/529/530
1984 Annual Emergency Plan Exercise
File: 84-002-493

Reference: Letter from E. E. Van Brunt, Jr. (APS) to John B. Martin (NRC
Region V) dated January 13, 1984 (NOLD 84-25) regarding 1984
Annual Emergency Plan Exercise.

Dear Mr. Martin:

Arizona Public Service Company will conduct the Palo Verde Nuclear Generating Station 1984 annual Emergency Plan Exercise on September 26, 1984. This date has been orally agreed upon by the NRC Region V, NRR, and FEMA and supersedes the date proposed in the referenced letter. This date will facilitate both FEMA and NRC scheduling and will be consistent with both the State of Arizona and Maricopa County fiscal years.

This exercise would include both onsite and offsite agencies. This schedule would fulfill NRC requirements (10 CFR 50.47) for the Palo Verde Nuclear Generating Station in lieu of the proposed requirements for biannual exercises and would in no way impact licensing or operation of the facility.

Very truly yours,

E. E. Van Brunt, Jr.
