Docket No. 50-334, License No. DPR-66
Duquesne Light Company letter to the NRC dated
April 26, 1984 - Request for Exemption

Gentlemen:

This letter is to provide additional information related to our request for exemption on municipal participation in our annual emergency drill.

On March 15, 1984, by written invitation (copy attached), the Beaver County Emergency Management Agency invited all 27 Beaver County municipalities located within the ten-mile EPZ to a meeting. The purpose of the meeting was to discuss the 1984 exercise and to encourage participation by all local governments in the ten-mile EPZ. The Pennsylvania Emergency Management Agency was also present at the meeting to discuss the level of participation for the municipalities and to answer questions.

A letter (sample copy attached) dated April 11, 1984 was sent to the 27 municipalities by the Beaver County Emergency Management Agency requesting their participation in the exercise. The letter included a return, stamped envelope and reply form. The letter was also followed by a verbal follow up to the Municipal Emergency Management Coordinators.

The ten non-participating municipalities are presently being recontacted by the Beaver County Emergency Management Agency. We will continue to pursue all steps available to us to achieve full participation and to reiterate the importance of participation in the Emergency exercise. We will keep you informed of any change that results from this effort.

Very truly yours,

J. J. Carey
Vice President, Nuclear

Mr. John Milkovich
Emergency Management Coordinator
636 Midland Avenue
Midland, PA 15059

Dear Mr. Milkovich:

On June 27, 1984, Beaver County will participate in a full-scale exercise with the Beaver Valley Power Station. This will be an opportunity for the County and the Municipalities within the County to test their emergency response organizations.

I am in the process of firming up arrangements for Municipalities that are participating so preparations can be finalized. Please indicate your Municipalities intentions on the enclosed form and return it to me by April 19, 1984.

If you have any questions concerning the exercise, feel free to call my office.

Sincerely,

A handwritten signature in cursive script that reads "Russell T. Chido".

February 29, 1984

Dear

On Thursday March 15, 1984, the Beaver Valley Power Station and the Beaver County Emergency Management Agency is hosting a dinner at the Willows Motel at 6:30 p.m. The purpose of the dinner is to discuss with the 27 risk municipal coordinators, within the 10 mile radius of the plant, the upcoming June 27, 1984 full scale exercise.

Officials of the Pennsylvania Emergency Management Agency will also be present at the dinner to discuss state, county and municipal responsibilities in an exercise.

The Federal Emergency Management Agency is requiring full participation of all risk municipalities surrounding Nuclear Power Plants. This meeting will elaborate on local responsibilities, and give directions to the local coordinators.

I urge each coordinator to attend the dinner, as the safety and health of the residents of Beaver County is our mutual responsibility and concern.

A phone call from you will be greatly appreciated if you will be attending the meeting, and dinner. Thank you.

RTC/akb

Sincerely,
A handwritten signature in cursive script, reading "Russell Chido".
