Personnel Changes - TDI Diesel Generator Owners Group
SHOREHAM NUCLEAR POWER STATION - UNIT 1
W.O. 44430/48923

Dear Carl:

Because of the imminence of the Shoreham Nuclear Power Plant's fuel load date, the Long Island Lighting Company has requested the TDI Diesel Generator Owners Group utilities to take over the technical direction of the Owners Group in order to release key LILCO personnel for support of the Shoreham station during its fuel load and startup testing phases. Duke Power Company will be assuming the technical direction of the Owners Group on May 3, 1984 and a transition has already begun. The Owners Group will remain headquartered at the Shoreham site and Duke personnel will be in permanent residence at Shoreham beginning April 16, 1984.

The following are the key Duke Power Company personnel who will be charged with the direction of the Owners Group Technical Program;

<u>PERSON</u>	<u>POSITION</u>	<u>PHONE NUMBER</u>
1. Clarence L. Ray	Technical Program Director	929-6700 Ex. 211 929-3754 Direct
2. J. Michael Hart	Assistant Technical Program Director	929-6700 Ex. 215 929-4158 Direct
3. L. G. Bost	Project Engineer	929-6700 Ex. 434 929-6264 Direct
4. R. L. Gill	Licensing Lead	929-6700 Ex. 502 929-6264 Direct

Since Messrs. Ray, Hart, Bost and Gill will have offices in the

Mr. Carl Berlinger
Personnel Changes - TDI Diesel Generator Owners Group

same area as the undersigned, a very smooth transition is envisioned, and the NRC can consider myself and Mr. Ray for example as interchangeable during the transition period. In order to facilitate documentation transfer however, I am requesting that effective immediately all TDI Owners Group correspondence be addressed to:

Mr. Clarence L. Ray
TDI Diesel Generator Owners Group
c/o LILCO
P.O. Box 618
Wading River, New York 11792

In addition to the positions of Technical Program Director and Assistant Technical Program Director, LILCO will be vacating the position of DR/QR Program Manager currently held by Mr. C. K. Seaman. This position will be assumed by Mr. J. Kammeyer of S & W who has been extensively involved in the DR/QR process since its inception. Mr. Kammeyer can be reached at - (516) 929-3182.

The Owners Group believes that the transition of the Owners Group Technical Management from LILCO to Duke will be effected smoothly and that the overall program will continue as before. The existing contractors will continue to be employed, and the considerable technical and management expertise of Duke Power Company will further enhance the Owners Group Program.

If you have any questions regarding these changes, please contact me at (516) 929-6774.

W. J. Museler
